

# SUMMER PROGRAM OPPORTUNITIES

University of Pittsburgh Health Career Scholars Academy

Pennsylvania School for Global Entrepreneurship at Lehigh University

## PARENT AND STUDENT INFORMATION NIGHT

Thursday, October 29, 2015

7:00 PM – 8:00 PM

Current sophomores and juniors interested in experiential summer program opportunities in the healthcare industry, business, leadership and international relations are encouraged to attend an informational session held on Thursday, October 29, 2015.

Guests for the evening include **Karen Narkevic**, Director of the University of Pittsburgh Health Career Scholars Academy, and **Diana Shepherd**, Director of the Pennsylvania School for Global Entrepreneurship at Lehigh University. These programs are the same in content and selectivity as the former Governor's Schools. Program Directors will be presenting information and answering questions regarding these opportunities. There were two local students who participated in these programs during the summer of 2015. We anticipate that at least one of them will be available for this session to share their thoughts on the experience.
